Questions and comments from members of the public

- A resident requested that parts of School Lane be strimmed by the Ranger. Councillors agreed that the Ranger should undertake the work when practicable.
- A resident raised concerns regarding the proposed housing development of eight dwellings on Upton Lane, for which full planning permission has previously been granted. The resident expressed concern that local infrastructure may not be able to cope with the additional impact of the development. Residents questioned whether an alternative access route via the track across the field at the top of Upton Lane, from Davids Lane, could be used by HGVs. They were advised that this option had been considered when the original planning application was submitted. However, the track is not constructed to accommodate heavy vehicles and therefore cannot be used for site access. The Parish Council was asked to contact the contractors to request that large HGVs avoid using Upton Lane during school drop-off and pick-up times. Residents were advised that, once construction commences, they could also liaise directly with the site manager to help manage the flow and timing of HGVs and contractors' vehicles.

19:00 - Two members of the public left the meeting.
